Subject: Babine Investigation Recommendations Report

Hello Members of the Board,

Last Friday afternoon a teleconference was held with BCSA Executive Members, Peter Cook, and Ministers Coleman, Bell and Bond attending. As a result of that meeting and subsequent communications with senior Crown Counsel, BCSA has chosen to release the recommendations from its final investigation report and initiate a consultation on a draft Safety Order, tomorrow (Jan 15th, 2013).

The remainder of the report is not being released at this time so as to avoid compromising Crown Counsel's review of a referral from Worksafe BC. This approach balances our respect for that process with our responsibility for promoting safety by sharing knowledge that could help operators identify risks in their own facilities.

Presently, we are asking that you immediately destroy any copies, excerpts or references to BCSA's investigation report to prevent inadvertent disclosure.

A copy of the material that will be released tomorrow is attached for your information. Please ensure this document is retained in confidence until after our briefing with industry tomorrow morning.

Best regards; Phil

Phil Gothe | Vice President, Technical Programs
